Great Sanat Kumara's gift - a 3 foot Love Star in each child's aura)

Invoke daily recognition

December 3, 1961 VOL. 10 - NO. 36

Dear Hearts:

May I again remind you that some time ago you were told that the Great Sanat Kumara had placed in the aura of every unascended being a beautiful Love Star which radiates His Love just as the fireplace in a room sends forth the warm currents of heat that are so comfortable to the body. If My beloved chelas will feed this Thought-Form by their love and contemplation of It, It will grow. If It is ignored, it will not only be a discourtesy to the Light and the Great Giver, but It will not be able to give you the fullness of Itself.

Try, at least once a day, to dwell upon this Love Star (which is about three and a half feet high and the same in width) as standing in your aura and pouring Its flaming substance into your world. Bless and thank Its Presence and Its Giver, thus It will guide your footsteps and do much in maintaining peace and serenity in your beings and worlds.

Today I would ask especially that you try to live in a Realm of Sweet Accord and Gentleness. This is The Realm in which The Ascended Ones dwell, in which We live and function freely. In This Realm We can meet with you who make your outer selves a harmonious and requisite vehicle for The Presence of Love and The Presence of other qualities projected by Myself and My Brothers every time We enter your aura.

May you be blessed for your endeavors and for your victories. I love you.

Love and Blessings

THE MAHA CHOHAN
